

Sunday League Update

Clubs Meeting – 20.03.2023

Sunday league has been smooth running for the most part! Even the snow couldn't stop it (thankfully)

Looking at the table Bridgford look like our right winners! So well done to them! Still contest for every other position

No issues of note have been raised really! No real big complaints and it has been a pleasure running the league!

Guest players have worked well. And will continue to run in line with Saturday league should this be brought in full time.

Regarding scorecards Sunday's scorecards will also be reflected in this change, however will not come into affect this season.

The end of season tournament won't be held due to not being able to organise in time. However believe there will be some form of tournament in line with committee plans. This means at this point it won't be purely for Sunday league teams however this may be a possibility in future.

Rearranged fixtures from October will be played on 2nd April and all clubs have been contacted. Thankfully only the one rearranged fixture! And no one has played a friendly and everyone has been able to field teams!

Thank you to all teams that have participated this year! And hopefully Sunday league aims to recruit more teams next year!
